

Hubble Homes Gives Back

# The Hubble Hero House

**Hubble Homes is proud to bring back our tradition of building a home for charity. Expected to start in July of 2020 and finish before the end of 2020, this home will be sold and proceeds will benefit six valley non-profit organizations. This year, Hubble will be building one of our most popular floorplans the Brookfield with Bonus in Southern Ridge.**

Hubble Homes is passionate about the communities we build in. The opportunity to give back through the Heart of Hubble program helps us improve the quality of life in our neighborhoods, give back to the community, and create a culture of giving within our company.

The home is expected to be listed for sale this holiday season, all net proceeds from the sale of the home will be donated to these six valley charities: Boise Rescue Mission, Idaho Foodbank, Meridian Foodbank, Ronald McDonald House Charities of Idaho, St. Vincent de Paul Southwest Idaho and The Salvation Army.

Hubble Homes will team up with many of our trade vendors and subcontractors to build the home. Graciously, Hubble Homes and its extended group of building partners will donate revenue proceeds, land for the lot, labor, and materials in an effort to make the largest donation possible to the valley non-profits.

The Southern Ridge community offers a quiet location in South Nampa located off Southside Boulevard and Locust Lane.

The Brookfield with Bonus is 2,290 sq. feet and will be built as 4-bedroom, 2 bath home with a 2-car garage. It has many upgrades including granite countertops in the kitchen, vaulted great room and master bath suite with a soaker tub. The home combines the finest elements of a one-story home with wide-open living spaces, second level bonus room and private bedroom areas.

Every Hubble Home is HERS® and Energy Star® Certified which comes with substantial annual energy savings. The buyer of the Hubble Hero Home will not only find their dream home, but they will also be making a difference for local charities.

**Founded in 1997, Hubble Homes has been proudly building homes of exceptional quality, craftsmanship and value for nearly one-quarter of a century.**

As Founder and President of the company, Don Hubble has set the standard in new home construction leadership, professionalism, excellence, and continued commitment to customers, industry professionals, and the community we share our lives in. From its first humble beginnings, Hubble Homes has constructed and delivered over 5,500 value-rich homes throughout the Treasure Valley. Our success is owed first to the founding belief that families and individuals should be able to easily find a new home of exceptional beauty and quality at a price that they can afford. Since Hubble's beginning, we have donated more than 1.2 million to valley charities and we are excited for this year's Hubble Hero Home to add to this number.
