

HUBBLE
HOMES

YOUR NEW HUBBLE HOME IS ENERGY STAR® CERTIFIED AND INCLUDES:

3rd Party Inspection & Certification with both ENERGY STAR® and HERS® Certification and Rating

With having an ENERGY STAR® Certified New Home, you can be confident that it will deliver and has been built better from the ground up. ENERGY STAR® ensures your home will save money and protect our climate through superior energy efficiency.

The Residential Energy Services Network or RESNET provide Home Energy Rating System (HERS®) Scores that are independently tested and scored to show home buyers what efficiency measures have been built into the home.

= Average Energy Savings of \$814 Annually
