Remaining promotional amount, if any, to be used toward closing costs, price reduction, extended rate lock, and/or Builder's Design Showroom credit as determined by buyer and its lender. Example based on a 30-year, fixed-rate, \$450,000 conforming loan with 10% down and a monthly payment of \$2,450 (principal and interest only) with Builder contributing up to 6.00% of the loan amount toward a permanent interest rate buydown and buyer is responsible for its own closing costs; the actual amount contributed by Builder to be determined by buyer's loan program, credit profile, and other lender criteria. Stated payment amount is exclusive of taxes, insurance, HOA dues and fees, and other fees and costs. In no event will the promotional amount plus other Builder contributions exceed any applicable caps on Builder contributions.
